

Course title	Drawing with Steel		
Synopsis (30-40 wrds) inc requirements	This exciting two day workshop will enable you to learn a variety of skills necessary for working with steel rods. Using these skills you will create three-dimensional drawings and approach new ways of conceiving sculpture.		
Course dates	various - 2 days	Course times	10-5
No of sessions	2	No of places	7
Course cost	£260		
Tutor	Silvina Soria		
Tutor Biography	Silvina Soria is a Sculptor Professor with an Argentinian degree who moved to London many years ago. You can see some of Silvina's work at www.soriasilvina.com . Silvina also designs and produces sculptural jewellery which can be viewed here: www.silvinasoriadesign.com		
What will I learn	The aim of this course is that you can explore new ways of conceiving sculpture and drawing. We will explore the space, the volume and different types of lines from a new perspective, considering the light, shadows and interstices between the lines as part of the work as well. The course will cover the techniques of bending, cutting, grinding, rolling & shaping steel rods. It will cover MIG welding for beginners and advanced. Students will work on individual sculpture/s or projects. If you don't have a project yet, no worries, we will discuss and give shape to your ideas. Small group numbers allows 1:1 tuition for participants on this course.		
What will I do Day 1, Day 2 etc	1st day Initial introduction to drawing in the space including volume, line, and modulating the line in the space. Light, projections and shadows will also be discussed. Intro to some interesting artists working on the field. Introduction to the workshop practice and possibilities of materials. Students will be encouraged to create a design with wire and then reproduce it with steel rods. 2nd day Students will work on individual sculpture/s or projects, research new possibilities and processes and will be shown finishing processes.		
Additional information	Please note there will be a 1 hour lunch break each day (lunch not provided) Basic materials are all included Open to all levels including beginners Health and Safety briefing will be given		
What will I need to bring	Please bring a notebook/sketchbook and any design ideas you may already have It is essential to wear old clothes and strong footwear
